

Coupon: Managing & Sharing

The Manage Coupon application! If you want to boost your bookings, reward loyal guests, or run a seasonal sale, you are going to love this module. Launching a coupon is the absolute best way to attract more bookings. In this step-by-step guide, we'll show you how to navigate the coupon module, create percentage or flat-rate promos, export details, share them directly with customers via email, WhatsApp, or SMS, and delete coupons when they are done.

Step 1: Accessing the Coupon Module

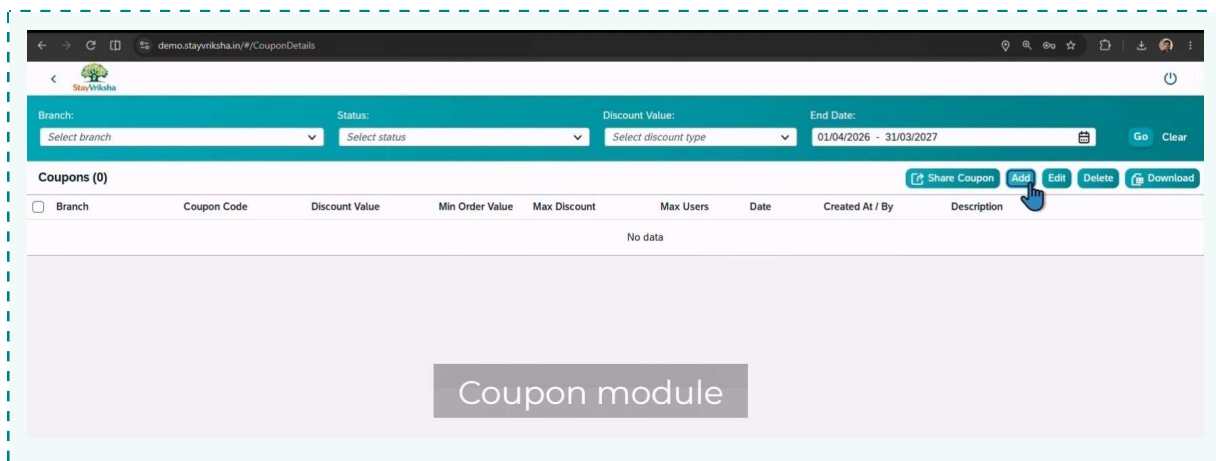

ADMIN PORTAL NAVIGATION

- **The Admin Homepage:** When you log into the admin dashboard backend, you are greeted by a beautiful, responsive grid of dashboard applications.
- **The Manage Coupon Tile:** Right there in the top row, next to Manage Amenities, is the bright green **Manage Coupon** tile.
- **Operational Objective:** Clicking this tile opens the Coupon Details module, where you configure and track all your active promotions and discount codes.

Step 2: Exploring the Coupons Dashboard 🔍

MASTER COUPON CONTROLS

- **The Filters Bar:** Once inside, you'll see a very handy query filter bar to quickly search coupons by Branch, Status, Discount Value, End Date, or Discount Type.
- **Run your Query:** Choose your filter values and click the blue **Go** button to search, or click **Clear** to reset everything.
- **Action Toolbar:** On the right, you have a sleek set of action buttons: **Share Coupon**, **Add**, **Edit**, **Delete**, and **Download**. Let's click **Add** to make a new promo!

Step 3: Creating a Shiny New Promo! +

The screenshot shows the 'Add Coupon' form with the following details:

- Branch:** KVRMP8 - Kvrisha PG
- Coupon Code:** GODFRIDAY
- Discount Type:** Percentage
- Percentage:** 10
- Max Discount:** 200
- Max Users:** 10
- Min Order Value:** 2000
- Currency:** INR
- Coupon description:** Coupon is for good friday with max of 200 INR discount
- Start Date:** 18/08/2026
- End Date:** 01/09/2026

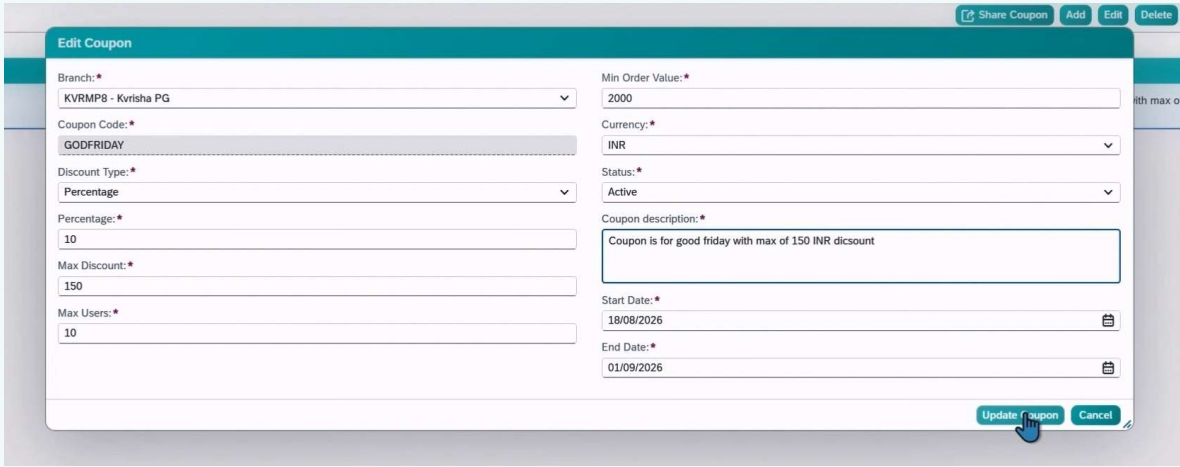

The 'Create Coupon' button is highlighted with a mouse cursor.

THE ADD COUPON FORM

- **Coupon Details:** Select the property branch (like `KVRMP8 - Kvrisha PG`), enter a minimum order value (e.g., `2000` INR), and choose your discount type (Percentage or Fixed Value).
- **Promo Parameters:** Enter a unique Coupon Code like `GODFRIDAY`, set the discount percentage/value, max discount cap, start date, end date, and the maximum number of uses.
- **Activate Coupon:** Type a quick coupon description and click the blue **Create Coupon** button to launch your discount live across the platform!

Step 4: Tweaking Your Coupons on the Fly

EDIT COUPON FORM

- **Unlock the Editor:** Spot a typo or need to adjust your promotion? Just select the coupon row in the main table and click **Edit** from the action toolbar.
- **Modify Any Field:** The Edit Coupon dialog slides open, letting you easily adjust descriptions, modify the maximum discount caps (like updating from `200` to `150` INR), update dates, or change active status.
- **Update the Database:** When everything is set, click the blue **Update Coupon** button to securely save the revised settings to the backend database.

Step 5: Exporting Your Promo Portfolio

Branch Name	Coupon Code	Discount Type	Percentage / Discount Value	Min Order Value	Maximum Discount	Max Users	Start Date	End Date	Created At	Created By	Status	Description
Kvriksha PG	GODFRIDAY	Percentage	10 %	2,000.00 INR	150.00 INR	10	18/08/2026	01/09/2026	18/08/2026	Abdul Mateen Q	Active	Coupon is for good friday with max of 150 INR discount

SPREADSHEET EXCEL REPORT

- **One-Click Export:** To audit your campaigns or share details with your finance team, simply click the **Download** button on the main toolbar.
- **Open in Excel:** The portal instantly generates a pre-formatted Excel file containing branch names, coupon codes, discount types, minimum values, validity dates, status, and descriptions.
- **Operational Advantage:** This sheet lists all active records cleanly, making promotional audits, usage logs, and financial planning incredibly fast and painless.

Step 6: Sharing the Love!

Easily share coupons across multiple platforms directly.

MULTIPLE SHARING CHANNELS

- **The Active Grid View:** Once created, your coupon appears in the main table showing all active settings, valid dates, user limits, and branch codes.
- **Distribution Channels:** Select the coupon row and tap **Share Coupon**. A dropdown menu pops open with several built-in distribution options.
- **Direct Outreach:** You can share the coupon details directly through **WhatsApp**, **Email to Existing Customers**, custom single **Email**, standard **Text SMS**, or simply copy the details to your clipboard!

Step 7: Retiring a Coupon

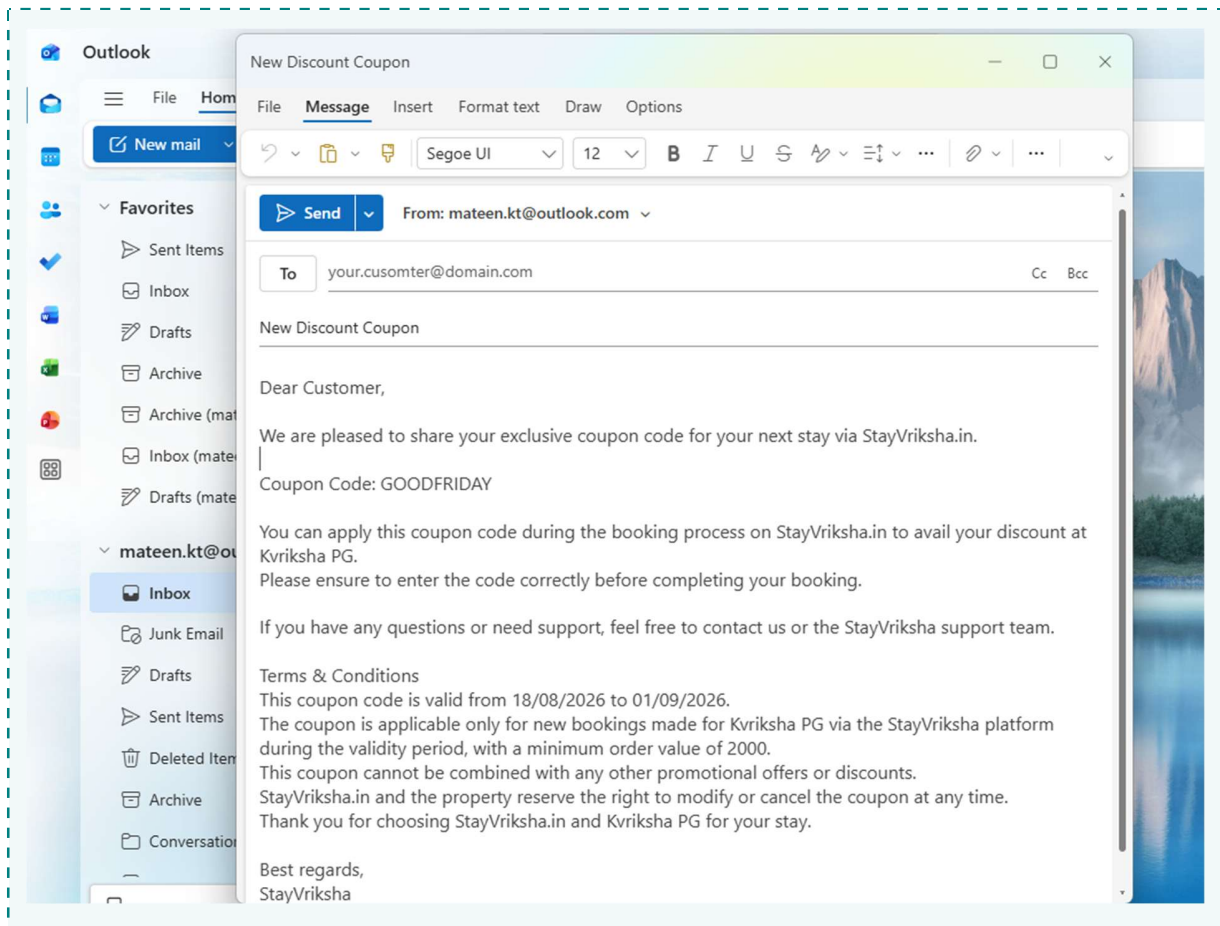

DELETE CONFIRMATION WINDOW

- **Retire a Code:** If a promotional campaign ends early or was made by mistake, you can remove it in one click. Select the row and click **Delete** from the toolbar.
- **Double-Check Confirmation:** A safety warning pops up displaying the exact coupon code (such as `GODFRIDAY`) you are about to delete to prevent accidents.
- **Confirm or Cancel:** Click **Yes** to permanently delete the coupon from the database, or hit **No** (or click outside) to keep your coupon running.

Step 8: In the Customer's Inbox! ✉

OUTLOOK EMAIL OUTLET

- **Delivered to the User:** When you share the coupon, customers receive a beautifully structured email message sent directly to their inbox.
- **Clear Terms & Conditions:** The email outlines the coupon code (`GOODFRIDAY`), the participating property branch (`Kvriksha PG`), validity dates (like `18/08/2026` to `01/09/2026`), and minimum order criteria (`2000` INR).
- **Frictionless Redemption:** It explains that the discount can be easily applied during checkout on StayVriksha.in and cannot be combined with other active promotions.
